INTERNATIONAL JOURNAL *of* MEDICAL STUDENTS

The *International Journal of Medical Students* (IJMS) is a peer-reviewed, open-access journal created to share the scientific production and experiences of medical students worldwide. Our objective is to be the primary diffusion platform for medical students, using standards that follow the process of scientific publication.

The Journal receives contributions of previously unpublished Original Articles, Short Communications, Reviews, Case Reports, Interviews, Experiences and Letters, which are reviewed by experts (Peer-Reviewers) who have previously published similar research. This supports the quality and validity of the manuscripts. The review time delay in most cases has been two to four months depending on the diligence of peer-reviewers and authors.

The Journal and the *Editorial Board* are not responsible for the opinions expressed by the Authors of all published material, nor do these represent the official policy or medical opinion of the Journal or the institutions with which they are affiliated, unless otherwise stated.

The *International Journal of Medical Students* is published triannually on behalf of the *Executive Committee of the International Journal of Medical Students*. Any publication, dissemination or distribution of the information included in the Journal is permitted only if the source is cited (*Int J Med Students*).

The *International Journal of Medical Students* is indexed or abstracted in: Academic keys, Biblioteca Virtual del Sistema Sanitario Publico de Andalucia (BV-SSPA), Dialnet Foundation (Dialnet), Directory of Open Access Journals (DOAJ), Directory of Research Journals Indexing, Elektronische Zeitschriftenbibliothek (EZB), e-Revistas, Geneva Foundation for Medical Education and Research, Google Scholar, PubsHub Journals & Congresses, Index Copernicus (ICV 2012: 5.62), Journal Seek Database, List of Publications that follow the International Committee of Medical Journal Editors (ICMJE), Mexican Index of Latin American Biomedical Journals (IMBIOMED), Online Computer Library Center (OCLC) WorldCat, Research Bible, Rubriq, SHERPA/RoMEO, The e-Journal Gateway (J Gate), The Open Access Digital Library and Ulrich's International Periodical Directory/Summon by Serial Solutions.

All full-text articles are available at:

www.ijms.info

e-ISSN 2076-6327 (Online)

The *International Journal of Medical Students* is licensed under a *Creative Commons Attribution-NonCommercial-NoDerivs 3.0 Unported License*.
